

HOW TO USE MYCITI

Cash is not accepted on MyCiTi buses. All users over the age of four must have their own **myconnect** card with money loaded to travel. Cards cost R25 each.

Fares are calculated on the distance you travel and are deducted from your card. When you board a MyCiTi bus, you must tap in by holding your **myconnect** card against the validator to start your journey, and tap out by doing the same when you get off. Do this correctly to avoid a penalty fare.

GET YOUR MYCONNECT CARD

MyCiTi station kiosks sell **myconnect** cards for R25 each, and load money on the card as Standard fares (any amount) or as points with Mover packages (R80, R100, R150, R200, R400, R600 or R1 000). You can travel

further with Mover points, because you save at least 20% on fares.

We suggest you visit a MyCiTi station a few days before the start of the new services to purchase your card and load money. Station kiosks are already operating at Table View, Grey, Janssens and Wood stations along Blaauwberg Road in Table View. The new Melkbosstrand station will open a few days before the new services on 2 November 2013. The Sandown and Porterfield stations on the R27, Royal Ascot station in Milnerton and Omuramba station in Montague Gardens will open before the launch of route T03 on 30 November.

Selected retailers also sell **myconnect** cards and load Standard fares. For a full list of retailers and kiosks, see www.myciti.org.za or call 0800 65 64 63 (toll-free from a landline and open 24/7).
