Law enforcement officers and other officers responsible for law enforcement may issue fines in terms of applicable legislation.

6. Safety and security

MyCiTi aims to create an environment that is safe of hazards and free of all forms of crime.

MyCiTi's station staff are trained in customer service and safety. Please speak to one of them if you feel threatened by unruly, aggressive or anti-social behaviour.

Safety

For your safety please note that:

- Platforms at the stations allow for level boarding, usually without a gap between the bus and the platform. On boarding or alighting passengers must check if the ramp has been correctly deployed and if not exert extra caution. Under no circumstances should passengers board or alight once the bus or station doors have started to close.
- The use of dedicated roadways, where necessary, enhances vehicle safety. Passengers may not walk in the dedicated lane.

Safety in the MyCiTi system is a primary consideration, but passengers travel at their own risk. The City of Cape Town and its contractors will not be liable if you injure yourself while travelling in the MyCiTi system unless the injury is due to the gross negligence of the City or its contractors. Customers must follow the instructions in Annexure C of these rules to ensure their own safety and the safety of others.

Security

For your security the MyCiTi system includes:

- Security staff and customer service staff at most stations
- Law enforcement officers
- Closed circuit television (CCTV) surveillance.

MyCiTi adopts a zero tolerance approach to crime and works closely with the City of Cape Town's safety and security personnel and the South African Police Service to make MyCiTi vehicles and stations safe and secure.

7. Accessibility

All customers must be fit for travel, and not in immediate need of medical assistance. MyCiTi does not undertake to provide emergency or assisted transport.

MyCiTi makes use of universal design principles to allow access for as many people as possible, including the aged and people with disabilities.

All stations have easy access and allow level boarding of vehicles. Vehicles are equipped with ramps that can be pulled out to allow easy access for prams and wheelchairs. These can be deployed at kerbside stops.

Passengers making use of wheelchairs or electrically driven mobility aids, which are not wider than 700mm and longer than 1300mm or weigh 300kg combined, can travel in MyCiTi vehicles.

Customers using wheelchairs must secure them in the designated area using the equipment and the seat belt provided. It is not the responsibility of MyCiTi staff to do this, and when assistance is provided it remains the responsibility of the customer to ensure that they are properly and safely secured.

Prams and bicycles are welcome, subject to the conditions of use in the table below. Customers are responsible for these items at all times and must ensure that they do not inconvenience or injure fellow customers.

Please make the red priority seats on MyCiTi vehicles available to customers who are more in need of the seat, such as elderly customers or those in an advanced stage of pregnancy.

When queuing for a MyCiTi bus please allow customers with disabilities or mobility impairments to move ahead of you.

8. myconnect card

All MyCiTi customers four years and older must be in possession of a valid **myconnect** card loaded with enough money to travel.

All **myconnect** cards have an expiry date. Card holders must purchase a new card in order to travel on MyCiTi before their **myconnect** card expires.

9. Concessions

Children under one metre tall, who are under the age of four, ride free of charge on MyCiTi. These children must be small enough to sit on their parent's or an accompanying adult's lap to make a seat available to another customer, particularly if the vehicle is full.

Other customers eligible to ride free are:

- MyCiTi staff while in possession of a valid access pass while on duty and in uniform
- People in possession of a valid media or guest pass
- People in possession of a valid access pass

- Officers from the following services if they are in uniform and have a valid service identity card: South African Police Service, Metro Police, Law Enforcement, and Traffic Services.

10. Fares

The MyCiTi fares are approved annually as a tariff by the Council, and they may change from time to time. Fares are charged in accordance with the applicable tariffs.

Fares are deducted from the value on your **myconnect** card. When loading value there are two options: Standard and Mover.

Standard allows you to load any amount of money and you will be charged with the Standard fare.

Mover packages provide for discounted fares and are valid for three years.

The fares are available on the MyCiTi website (www.myciti.org.za).

11. Timetables

MyCiTi strives to adhere to its published timetables but cannot be held liable if buses are delayed due to traffic, incidents or operational factors.

12. Luggage and other items

Dangerous items and materials are strictly prohibited on MyCiTi premises. These include toxic, highly flammable and explosive materials, or weapons of any kind.

Customers may only travel with items that can be carried without assistance and which can be stored on MyCiTi vehicles without inconveniencing fellow customers.

Customers are not permitted to bring on board anything that:

- Is more than two metres long or weighs more than 30kg
- Cannot be carried by the customer alone
- Is hazardous or flammable
- Is likely to cause injury or offence to other customers or MyCiTi staff
- Is likely to damage MyCiTi vehicles or stations.

Staff can refuse permission to take any item onto MyCiTi services or premises.

Please keep your luggage and possessions with you at all times. Unattended property is a security risk and can cause unnecessary delays to services, as well as injury and damage.

Any luggage may be refused access at the discretion of MyCiTi staff and must be removed on instruction.

Prams, strollers and walking aids (including electrically-driven mobility aids such as wheelchairs and scooters) can be carried free of charge, provided they comply with the conditions of use. Parents and other child minders are responsible for the safety of any child in a pram or stroller.

Bicycles are permitted on MyCiTi free of charge. They must be kept in the designated area provided for bicycles next to the wheelchair area and must be free of grease and other lubricants which can stain passenger's clothing.

Bicycles may only be brought on board if there is enough space available in this area. If not, the customer must wait for the next bus with available space. Bicycles may not block aisles, doors or emergency exits, or impede movement in aisles or through doors and exits. Customers must comply with instructions issued by MyCiTi staff members.

All luggage and other items carried must be stowed safely and customers must ensure they are held securely. Customers are responsible for any damage or injury caused by luggage brought onto MyCiTi premises.

The open space in buses with flip-down seats and straps for securing wheelchairs is for preferential use by customers using wheelchairs. If not occupied by a wheelchair it may be used for bicycles as well as customers with large items of luggage, such as suitcases and prams. Other customers are required to vacate the space and the flip-down seats on request of such customers.

13. Assistive animals and pets

Customers with visual impairments are permitted to bring trained assistive animals (such as guide dogs) on MyCiTi vehicles. Assistive animals are not allowed on seats and may not block aisles and exits. Assistive animals must be controlled by their owners at all times.

Domestic pets, which are not assistive animals, are not permitted on MyCiTi vehicles unless they are in a travelling container from which they cannot escape and potentially cause injury, inconvenience or discomfort to fellow customers.

14. Lost property

If you believe an item of your property has been left on a MyCiTi vehicle or at one of our stations, ask at the relevant station or call the Transport Information Centre on 0800 65 64 63.

MyCiTi staff will make every reasonable effort to collect and store property found on the MyCiTi premises, but MyCiTi does not accept any responsibility for loss or damage of any nature to the property of customers using the MyCiTi service.

Lost property handed in will be available for collection for only one week from the day that it is handed in, after which it will be disposed of.

15. Services

MyCiTi services include scheduled services and event services.

MyCiTi reserves the right to change its services to better meet the needs of MyCiTi customers from time to time. These changes will be communicated to the public.

Events that require the dedicated use of MyCiTi services, as well as any additional or special services and promotions which may occasionally take place, will be communicated to the public with sufficient notice.

16. Customer information

(a) myconnect smartcard

In order to travel on MyCiTi vehicles, you will need to purchase a non-refundable **myconnect** smartcard as payment of MyCiTi fares can only be made using a **myconnect** smartcard.

When you receive your **myconnect** card you must choose a PIN. If you choose a PIN other than the default PIN (0000) make a note of it and keep it in a safe place. If you forget your PIN, you will not be able to load value again, or get a statement of your transactions.

myconnect cards are valid for five year with the expiry date printed on the card. Each **myconnect** card holder is responsible for the timeous replacement of their expiring card.

The **myconnect** card may be used for access to stations and for travel on MyCiTi vehicles if loaded with sufficient credit to pay for the fare.

Each customer must have their own **myconnect** smartcard. Hold your **myconnect** card over the access turnstile terminal until the machine indicates "Ok". Immediately remove your smartcard from the vicinity of the terminal otherwise you may be charged more than once. No refund will be made in such case as the double debit is due to your error.

(b) Value load component or e-purse

The value load component of your MyCiTi smartcard is the amount of your cash deposited into an account administered by a bank for a tender period.

You can spend this credit balance by tapping your **myconnect** card as payment for travel on MyCiTi vehicles and at certain retail outlets. All financial services relating to the e-purse of the MyCiTi smartcard are provided by the bank. The City does not render any financial services in respect of the e-purse.

All cash deposited or transferred as credit towards the e-purse is held as a deposit in a bank account by the bank.

You must use all credit loaded as part of the e-purse on your **myconnect** card and may not claim a refund.

The City has no control over credit loaded onto the e-purse of your **myconnect** card and no power to refund any credit on this e-purse to you or to direct the bank to make such a refund. The City also has no power to rectify any errors or resolve any disputes relating to transactions on your **myconnect** card in respect of the e-purse, which you must address directly with the bank.

You can load value at a MyCiti kiosk (during kiosk hours), at selected shops, cash-accepting ABSA ATMs or through ABSA cellphone or internet banking.

(C) Value on your card

You will not be allowed onto a bus or into a station without sufficient value on your **myconnect** card. This is the case even if the station kiosk is closed or if there are no conductors on the feeder bus.

(d) myconnect credit

If you have insufficient credit to pay the balance in respect of the full fare for your journey, your **myconnect** card will be flagged electronically to note the amount you owe to MyCiti in respect of the balance of the fare for that journey. You will not be able to use your **myconnect** card for travel purposes again until you settle the amount owed by loading further credit.
