# CONNECT WITH THE CITY

## New services between Dunoon and Century City

On 1 August 2015, MyCiTi will introduce a direct link between Dunoon and Century City via Omuramba station and six new stations will open, bringing safe, reliable and affordable public transport to more Capetonians.

The **T04** Dunoon - Century City route will travel along Potsdam Road from Usasaza station serving industrial areas along Koeberg Road with new stations at Refinery, Montague Gardens and Turf Club, before reaching Omuramba station. Buses will then turn down Ratanga Road providing communities around the new Phoenix and Sanddrift stations with access to the growing MyCiTi network, before ending at the new Century City station at the public transport interchange.

For existing passengers, the service means a much quicker journey between Dunoon and Century City with fewer transfers and a cheaper fare due to the shorter, more direct **T04** route. Currently passengers in Dunoon need to change at Table View, Sunset Beach or Racecourse stations, and again at Omuramba to reach Century City. Buses will travel along dedicated red roads, ensuring a quicker journey even in the heavily congested peak hours, with buses departing every 10 minutes in weekday morning and afternoon peaks and every 20-30 minutes at other times, including weekends.

The new route and stations will bring MyCiTi services to new communities while providing a quicker, cheaper option for some passengers already travelling to Century City.

Passengers from other parts of the city will also benefit from a quicker, more convenient connection to the Century City area. Station kiosks offering myconnect services will open at the Montague Gardens, Century City, Phoenix and Sanddrift stations. See map and schedules inside.
