

# **PUBLIC NOTICE: MAJOR ROADWORKS ALONG AZ BERMAN DRIVE**

The City of Cape Town would like to inform road users that roadworks and construction along AZ Berman Drive will be impacting multiple intersections. Lane closures, traffic switches, and detours will be implemented in phases to accommodate construction.

## **Key Update**

A traffic lane switch is set for 28 March 2025. With construction on the northbound lane complete, traffic currently using the southbound lane in both directions—from Nduli Street to Katjiefiering—will be redirected to the northbound lane between the R300 and Marguerite. This shift allows construction to begin on the southbound lane.

## **Road Closures & Detours**

Several temporary road closures are scheduled in the coming months to accommodate the ongoing MyCiTi infrastructure developments. Motorists are advised to follow the designated detours to minimise delays.

**Below are the details of the affected roads and alternative routes:**

### **23 March - 30 April 2025**

- Intersection of Highlands Dr and AZ Berman Drive will be closed.  
Detour via Morgenster Road.
- Intersection of Marguerite Street and AZ Berman Drive will be closed.  
Detour via Pentuna Street.
